## ***DIRECT DEPOSIT OF YOUR PAYMENT(S)***

It is recommended that you take advantage of the direct deposit option offered by the Plan for several reasons:

- Assurance that your pension payment will be deposited to your bank account despite any disruptions in the postal service.
- No need for you to make a special trip to your bank to deposit your cheque personally.
- No loss of interest due to late deposit of your cheque or while you are on vacation (if your account is interest bearing).

**Please note this account must be an account registered solely in your name or one in which you are a joint depositor. Cheques cannot be deposited in another person's account.**

Please notify the **Plan Administrator**, in writing, of any change in your bank account or address.
